There are three ways to obtain technical support for Lynx products:

- » Go to the Lynx website (<http://www.finishlynx.com/support/>)
- » Find our latest video tutorials on YouTube (<https://www.youtube.com/c/FinishLynx/videos>)
- » Call (978) 556-9780 and ask to speak with someone in tech support, or
- » Send an email to...

Technical support: support@finishlynx.com

What's New

FieldLynx Plug-in Compatibility

The scoreboard, wind and LaserLynx interfaces in FieldLynx 1.95 require at least these versions of the plug-ins:

- » Scoreboard plug-in 1.54
- » Wind plug-in 1.23
- » LaserLynx plug-in 1.22

NOTE: Contact Tech Support to obtain the latest version of plug-ins.

General improvements

- » Limit FieldLynx to single instance application
- » Fixed issue related to log file and new installations
- » **Show Full Affiliation Name** in the *Athlete List* dialog is enabled by default
- » **Show LaserLynx Mark Components** correctly displays the *Calculated Distance* in millimeters
- » Measurement of jump boards correctly displays the distance in millimeters
- » Test Measurements of horizontal jumps correctly displays 3 decimal points
- » X'ing out of the Athlete dialog follows the same behavior as tapping the Back button and forces database update when relevant
